

Bob Rosplock | Board Member: Bob brings almost 50 years of experience as a practicing attorney to the Deepwood Foundation. During his career, he has served in a variety of positions from an instructor at Lakeland Community College to a prosecutor and civil magistrate. Though Bob's title has varied, community engagement and service remain central to all of his work and is the reason he helped found the Lake County chapter of Habitat for Humanity. He continues serving the surrounding community as one of our Board Members.
